KATA SAMBUTAN

Salah satu upaya untuk melengkapi sumber belajar yang relevan dan bermakna guna meningkatkan mutu pendidikan di Sekolah Menengah Pertama (SMP), Direktorat Pembinaan SMP mengembangkan buku pelajaran Bahasa Inggris untuk siswa kelas VII, kelas VIII, dan kelas IX. Buku pelajaran ini disusun berdasarkan Peraturan Menteri Pendidikan Nasional No. 22 Tahun 2006 Tentang Standar Isi, No. 23 Tahun 2006 tentang Standar Kompetensi Lulusan, dan berdasarkan kriteria buku pelajaran yang dikembangkan oleh Badan Standar Nasional Pendidikan.

Buku pelajaran ini merupakan penyempurnaan dari bahan ajar kontekstual yang telah dikembangkan Direktorat Pembinaan SMP dalam kaitannya dengan kegiatan proyek peningkatan mutu SMP. Bahan ajar tersebut telah diujicobakan ke sejumlah SMP di provinsi Kalimantan Selatan, Kalimantan Timur, Sulawesi Tengah, Sulawesi Tenggara, Sulawesi Utara, dan Gorontalo sejak tahun 2001. Penyempurnaan bahan ajar menjadi buku pelajaran yang bernuansa pendekatan kontekstual dilakukan oleh para pakar dari beberapa perguruan tinggi, guru, dan instruktur yang berpengalaman di bidangnya. Validasi oleh para pakar dan praktisi serta uji coba empiris ke siswa SMP telah dilakukan guna meningkatkan kesesuaian dan keterbacaan buku pelajaran ini.

Buku pelajaran Bahasa Inggris ini telah dinilai oleh Badan Standar Nasional Pendidikan, dan dinyatakan memenuhi syarat untuk digunakan sebagai buku pelajaran di SMP. Sekolah diharapkan dapat menggunakan buku pelajaran ini dengan sebaik-baiknya sehingga dapat meningkatkan efektivitas dan kebermaknaan pembelajaran. Pada akhirnya, para siswa diharapkan dapat menguasai semua Standar Kompetensi dan Kompetensi Dasar secara lebih mendalam, luas serta bermakna, kemudian dapat mengaplikasikannya dalam kehidupan sehari-hari.

Saran perbaikan untuk penyempurnaan buku pelajaran ini sangat diharapkan. Terimakasih setulus-tulusnya disampaikan kepada para penulis yang telah berkontribusi dalam penyusunan buku pelajaran ini, baik pada saat awal pengembangan bahan ajar, ujicoba terbatas, maupun penyempurnaan sehingga dapat tersusunnya buku pelajaran ini. Terimakasih dan penghargaan juga disampaikan kepada semua pihak yang telah membantu terwujudnya penerbitan buku pelajaran ini.

Pendahuluan

Bahan Pembelajaran Kontekstual Mata Pelajaran Bahasa Inggris (Buku Siswa Kelas IX) ini disusun berdasarkan Standar Isi (SI) Bahasa Inggris 2006 untuk membantu pengembangan kompetensi komunikatif siswa SMP/MTs Kelas IX. Kompetensi komunikatif tersebut diwujudkan lewat penguasaan empat keterampilan berbahasa (*listening, speaking, reading* dan *writing*) yang dikembangkan secara integratif. Integrasi tersebut diimplementasikan dalam bentuk pengembangan unit berdasarkan jenis teks, yaitu *transactional, interpersonal, short functional texts* dan *genres*.

Buku ini terdiri atas 8 unit dengan rincian seperti berikut:

Unit 1: Are sure about ...?

Unit 2: How do you do it?

Unit 3: What a pity!

Unit 4: What are they?

Unit 5: Really?

Unit 6: What is it like?

Unit 7: Could you ...?

Unit 8: Long, long time ago, there was ...

Unit-unit ganjil mewadahi *transactional, interpersonal, dan short functional texts*, sedangkan unit-unit genap menyajikan *genres* seperti yang diamanatkan oleh Standar Isi Kelas IX. Setiap unit terbagi menjadi dua *section*. Untuk unit-unit ganjil, *Section One* memuat *transactional dan interpersonal texts*, sedangkan *Section Two* memuat *short functional texts*. Untuk unit-unit genap, *Section One* terdiri atas *Spoken Genre*, dan *Section Two* berbentuk *Written Genre*.

Fokus dari *Section One* adalah melatih siswa untuk menggunakan Bahasa Inggris secara lisan, sedangkan fokus dari *Section Two* adalah melatih siswa untuk menggunakan Bahasa Inggris secara tulis. Selanjutnya, masing-masing *section* disajikan dengan urutan *presentation, practice, dan production*.

Dalam penyajian setiap unit di kelas, guru diharapkan untuk berkreasi mengembangkan materi yang ada. Dalam tahapan *presentation*, guru masih memegang kontrol atas kegiatan pembelajaran. Untuk tahapan *practice* guru sudah mengurangi perannya, sedangkan siswa diharapkan sudah mulai terlibat dalam kegiatan komunikatif. Untuk tahapan *production*, guru sudah mulai memberikan kebebasan kepada siswa untuk menggunakan bahasa yang

sedang dipelajari dalam unit tersebut. Pada tahapan ini diharapkan setiap siswa mendapatkan kesempatan untuk berpraktik menggunakan bahasa.

Pada bagian penyudah setiap unit disajikan *summary*, *evaluation*, dan *reflection*. *Vocabulary List* diharapkan dapat membantu mengembangkan kosakata siswa secara bertahap. Di samping itu, pada akhir buku diberikan *glossary* untuk menjelaskan beberapa konsep yang dianggap penting dalam buku Kelas IX ini.

Akhirnya kami berharap agar bahan ajar ini dapat digunakan dalam membantu siswa untuk mulai mengembangkan kemampuan berkomunikasi dalam Bahasa Inggris baik secara lisan maupun tertulis.

Fred W. Tanner, M.A. is a life and business coach. He gives some tips to create a winning advertisement. One of the tips is that your advertisement should get the readers' attention. Read the following text that elaborates it and answer the questions that follow. Before you read the text, check in your dictionary the meanings of the words in the box:

ads (noun), competing (adjective) , imperative (adjective), accomplish (verb), proposition (noun), eye-catching (adjective), purchase (verb), appropriate (adjective), compelling (adjective).

Get the readers' attention

Especially with newspaper and printed ads that are competing with other ads on the same page it is imperative that you get the readers attention. You can accomplish this not only by color and size but also by having an eye-catching headline. Possible ways to develop this headline would be to determine your product's or services unique selling proposition. Why would the reader want to purchase what you are selling over a competing product? Another possibility could be to list a unique benefit or solution in the headline that your product/service offers. Use action words when appropriate. Bottom line is that it should be compelling enough to cause the reader to want to read further for more information

(PowerHomeBiz.com,LLC, 2008)

2. What part of the advertisement do you think would probably get the readers' attention? Why?
3. What does the phrase Longlife pencil mean?

Activity 4

Another tip from Fred W. Tanner, M.A. is to get the reader to take action after reading the advertisement. The following text talks about it. Read the text and complete the list that follows.

Get the Reader to Take Action

The call to action is one of the weakest components of many ads that we all see today. You must lead the reader to what the next step should be. Show them how easy it is to contact you or purchase your offering. Post your toll-free number. Show your address. If you have a web site have an order now page with easy credit card billing. Mention your satisfaction guarantee if you have one that will help minimize your customer's perceived risk of purchasing your product or service. Use action phrases like "Don't delay order now" or "don't miss another day of (product benefit), order now".

(PowerHomeBiz.com, LLC, 2008)

The following are points that you can find in an advertisement. Referring to the text above, tick (v) the ones that according to the text would get the reader to take action.

In this unit, you will learn how to:

- understand short and simple reports in the form of monologues
- read aloud short and simple written reports
- read short and simple written reports
- write short and simple reports

Section One:

Spoken Report

Presentation

Activity 1

You know a mouse, don't you? In the following picture you see more than one mouse. You see many mice. Say (not write) as many words as possible about a mouse. Work with your friend in your group. Your teacher will help you do this. He or she will also show you how to say the words correctly. The table below can help you find the words.

Pic. 4.2 (Dit. PSMP, 2006)

Parts	head, sharp teeth, ...
Colour	dark grey, ...
Size	small, ...
Food	rice, meat, ...
Habit	gnaw, climb ...
About parts	long, pointed, ...
Traits (=sifat)	cute, ...

Can you mention the kinds of mice shown in the picture?

Activity 2

Below are some statements about a mouse. Learn how to say them.

- A mouse is a rodent.
- A mouse has four legs.
- A mouse runs fast.
- A mouse is a big eater.
- A mouse smells well.
- A mouse has a tail.
- A mouse is a small mammal with short fur, a long tail and pointed face.

Activity 3

To talk about something in general, you may also use the plural form. So, you can either say:

- A mouse is a rodent or Mice are rodents.
- A mouse has four legs or Mice have four legs.
- A mouse can run fast or Mice can run fast.

Do the same thing with the rest of sentences in activity 2.

Activity 4

Here are more exercises to pronounce the plural -s. Read the following sentences aloud individually:

1. Tigers like to stay near a tree to catch their preys.
2. Pigeons can fly at sixty miles an hour.
3. Chickens, ducks, and turkeys lay eggs.
4. Cheetahs cannot draw in their claws.
5. Leopards are members of the “big cat” families.
6. Ostriches find their food in grasslands.

Activity 5

Now, let us see what you say about a mouse in general. When you say “mice have long tails”, you mention the physical characteristics. Look at the pictures below and find an animal with one of the following characteristics mentioned in the table below. Then, say the sentence, for example, “Giraffes have long necks”.

A long tongue	a short tail	long arms	small spots
A small nose	a long neck	soft fur	big spots
A hard shell	small ears	thin legs	black and white stripes

Practice

Activity 1

Listen to your teacher read the following text about gorillas. After that read the text yourself and answer the questions that follow.

GORILLAS

Gorillas are the largest of all the primates. A male gorilla can be 180 centimeters tall and can weigh 200 kilograms. Gorillas are very strong but they do not often fight. In fact they are peaceful animals.

Gorillas live in small family groups of about 15. In a group there is one strong, older male, some young males, and a few females with their babies. They move slowly around a large area of jungle eating leaves and bushes.

In some ways gorillas are very like humans. When they are happy, they laugh and wave their arms. When they are angry, they beat their chests. When they are sad, they cry. But they cry quietly, without any tears.

Unfortunately, people hunt and kill gorillas. They also cut down and burn their trees. There are now only about 10,000 gorillas left in the world.

(Source : Abbs, Brian, et.all. Take Off, Student Book 2, p 68)

Questions:

1. How tall can gorillas be?
2. How much can they weigh?
3. Do gorillas like fighting?
4. Where do they live?

5. Do gorillas usually live alone?
6. What do they eat?
7. What do gorillas do when they are happy? Sad? Angry?
8. How many gorillas are there left in the world?
9. Why are not there many left?

Activity 2

Here's another text that your teacher will read. Listen and try to understand the text with your books closed.

THE CHEETAH

The cheetah is the fastest animal on land. It can run 100 kilometers an hour. It is now rare and is one of the animals which is in danger of extinction.

The cheetah has a small head and ears, and long, powerful legs. It always hunts and chases its prey on open ground.

This is a different way of hunting from the other "big cats." They like to stay in and near trees to catch their prey. The cheetah is also different from other cats because it cannot draw in its claws.

(Source: Abbs, Brian, et.al. Take Off. Student Book 2, p. 52)

Now, read the text above, and while reading it, complete the following table.

Family	
Physical description	
Way of hunting	
Differences between Cheetahs and other big cats	

Activity 3

When you have a closer look at the text about cheetahs above, you will find that the text starts with a definition or classification of cheetahs. This is then followed by the description of the animal. The description may cover physical, behavioural characteristics or other characteristics of the animal. If necessary, to make your description clearer you may compare the animal with other animals of the same family.

Now, read the text and decide the paragraph that defines cheetahs and those that describe the animal.

Activity 4

When we give descriptions of animals or other things, we may use complex sentences. Look at the following sentence which is taken from the text about cheetahs.

A cheetah is one of the animals which is in danger of extinction.

This complex sentence has been composed from two smaller sentences.

- a. A cheetah is one of the animals.
- b. A cheetah is in danger of extinction.

The word “which” combines the two sentences. Thus, the following two simple sentences can be combined into a complex sentence.

- a. Robins are birds.
 - b. The birds sing beautifully.
- Complex sentence : Robins are birds which sing beautifully.

Exercise

Use these notes to write sentences with “which”

Example: Baluran/national park/Banyuwangi, East Java

Baluran is a national park which is located in Banyuwangi, East Java.

1. The American bald eagle/bird/in danger of extinction.
2. Zebra/animal/has black and white stripes.
3. Bee/insect/produces honey.
4. Greenpeace/a group/helps protect the environment.
5. World Wildlife Fund/a group/helps save animals and plants.
6. Whales/biggest mammals/live in the sea.
7. Amphibians/animals/live in both water and land.
8. Gorillas/largest primates/are very like humans in some ways.
9. “Panji Sang Penakluk”/interesting TV program/teaches us to love animals.
10. Green Turtles/giant turtles/lay their eggs on the shore.

Production

Activity 1

Now, work with a friend to describe at least three different animals. Say five expressions about each animal. Use *is/are*, *have/has*, and action verbs (e.g., *run*, *eat*, *sleep*, etc.).

For example:

- Cats are tame animals.
- Cats have sharp eyes.
- Cats are afraid of water.

Then, use the information to make a dialogue with your partner.

Look at the example:

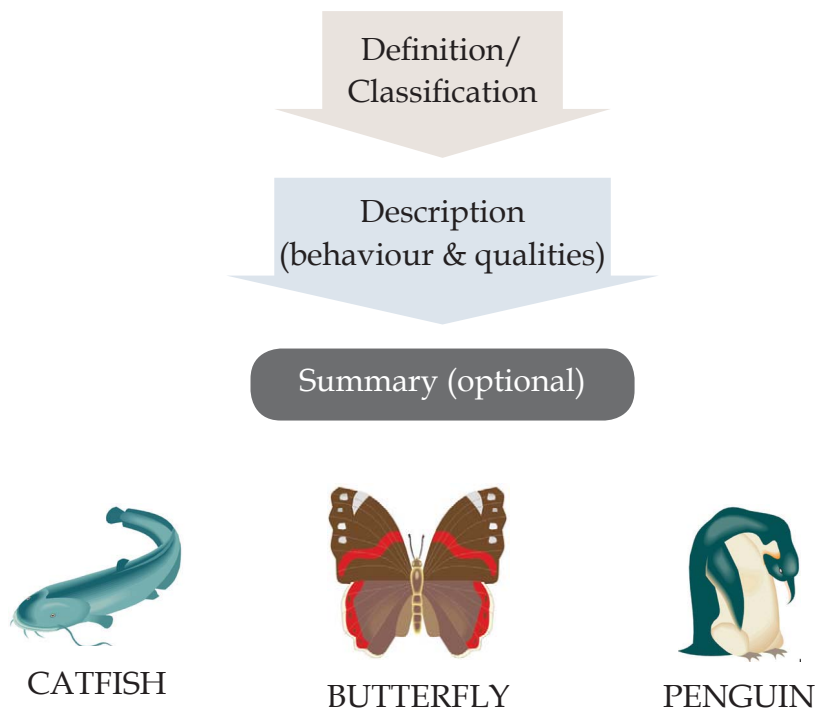

A : What's special about a giraffe?

B : It has a very long neck, long thin legs, and small ears.

Activity 2

Prepare an outline of report text for oral presentation about one of the following pictures. Follow the structure or outline of the report text you have learnt.

Individual Activity

Every one of you has to write a report (general description) about an animal or a thing that you are interested in about 75 – 100 words long. Put them in your portfolios or send them to the wall magazine in your school.

Follow these steps.

Step 1	Choose a topic.
Step 2	Collect information for your report. Observe the real animal/plant/object. If this is impossible, observe the photo. You may also need to come to someone or to read a book to get useful information about it.
Step 3	Plan what to include in the definition, and what to include in the description section.
Step 4	Write the first draft.
Step 5	Revise the first draft and make sure you have the right grammar, vocabulary, spelling and punctuation.
Step 6	Show the second draft to the teacher or to a friend. Ask them for their comments and evaluation. They may be useful for you to improve your draft.
Step 7	Write the last draft and put this in your portfolio.

How would you feel if a cow ate you?
Caught you and bopped you,
And chopped you in two,
Fried you or broiled you or put you in a stew
With carrots, potatoes and an onion or two?

So sometimes at dinner when you're starting to chew,
Put down your steak and ponder this through,
How would you feel if a cow ate you?

In this unit, you will learn how to:

- express happiness to receive good news
- express politeness in showing opinions
- read different kinds of texts, namely leaflets, personal letters, and advertisements, and
- write different kinds of texts.

Section One:

Responding to Good News and Expressing Opinions

Presentation

Activity 1

The following dialogue involves a student telling good news and the one receiving it. Study the typical expressions to tell good news and to respond to it.

Manneke : Hi, Jane. I've been looking for you.

Jane : Hi. What's up?

Manneke : I have good news for you. Your article on the tourism in Manado won the national competition.

Jane : Really? It's what I want to hear. Where can I find the information about it?

Manneke : I read the announcement in front of the teacher's office.

Jane : I want to see it. Thanks for the information.

Manneke : No problem. Congratulations, Jane.

Jane : Thank you.

In the dialogue, you find that Jane is happy with the good news. Jane responds to the good news by saying '*Really? It's what I want to hear*'. Study the expressions to respond to good news in formal and informal situations.

Activity 1

This is a 'Who am I?' game. In your group, you will take turns making a puzzle. You will make the other members guess what you are talking about. Say up to 10 statements to describe your animal/plant/object. Then, other group members will guess what it is.

When you have any problem finding words in English, come to your teacher or look them up in your dictionary.

Take 10 minutes to prepare your puzzle. Study this example.

Allen : Who am I?
 I am big and I am strong. I have a long tail. I eat grass. I don't like meat. I have 4 legs. I can run very fast. I help people. They go to far places on my back. If you bother me, I will kick you with my hind legs.
 Who am I?
 Ben : A horse?
 Allen : Yes, you are right.

Activity 2

Now, work in groups of four. Describe four different animals orally so that each of you will have one to tell to the class. To prepare your spoken report, you may use your biology textbook or an encyclopaedia to get information about the animals you want to describe. Each member of the group will take turns to report one of the animals.

Pic. 6.9 (Dit. PSMP, 2006)

Here are some guidelines for you to follow.

- Say at least five expressions describing each of the animals.
- Use is/are, have/has
- Use action verbs that show behaviour (e.g., breathe, run, eat, sleep, etc.).
- Each person must contribute expressions to the group. Then, take turns to report to others the description of one thing.

Pic. 6.10 (Dit. PSMP, 2006)

Follow the steps below.

What is the animal?
Define what the animal is.
Describe its look, habitat, behaviour, etc.

In a monologue, some fillers are necessary. Here are some examples:

Well, ...

You know what?

Guess what!

Er...

Em...

You know, ...

You may describe these animals if you like, or describe animals of your own.

Pic. 6.11 (Clipart, 2005)

Activity 3

Now it's time for you to work individually. Get prepared to describe an animal of your choice. Be well-prepared because you are going to report it to the class. Choose an animal that you have NOT discussed in the group. Please follow the steps in Activity 2 above.

Practice

Activity 1

Read the text about an iceberg below and answer the questions in your own words. Use a dictionary if necessary.

WHAT IS AN ICEBERG?

An iceberg is a great piece of ice floating in the sea. 'Berg' is the German word for 'mountain.' In the coldest parts of the earth, around the North and South Poles, land and sea are both covered by layers of ice, more than 300 metres deep at the centre.

Pic. 6.14 (<http://images.google.co.id>)

Tongues of ice, called glaciers, stretch out into the open sea. The sea water melts the bottom parts of these glaciers, then the top part moves into the water with a great noise. The great piece of ice sinks for a short time under the surface, then it rises again, and floats away as a new iceberg. Some icebergs are many miles long, and travel for thousands of miles and several years before they finally melt. The part of an iceberg which can be seen above the water is only about one-ninth of the total size. The rest is hidden under the waves.

Pic. 6.15 (<http://images.google.co.id>)

One of the world’s worst disasters at sea was in 1912 when the liner ‘Titanic’ hit an iceberg and sank on her first journey, killing hundreds of passengers.

Take me home, Country Road

John Denver

Almost heaven, west Virginia
Blue ridge mountains
Shenandoah river -
Life is old there
Older than the trees
Younger than the mountains
Growing like a breeze

Country roads, take me home
To the place I belong
West Virginia, mountain momma
Take me home, country roads

All my memories gathered round her
Miners lady, stranger to blue water
Dark and dusty, painted on the sky
Misty taste of moonshine
Teardrops in my eye

Country roads, take me home
To the place I belong
West Virginia, mountain momma
Take me home, country roads

I hear her voice
In the morning hour she calls me
The radio reminds me of my home far away
And driving down the road I get a feeling
That I should have been home yesterday, yesterday

Country roads, take me home
To the place I belong
West Virginia, mountain momma
Take me home, country roads

Country roads, take me home
 To the place I belong
 West Virginia, mountain momma
 Take me home, country roads
 Take me home, now country roads
 Take me home, now country roads

On the other place, under the tree, a sly creature, Mr. Fox, who wanted the cheese for himself, came up and spoke politely to her.

"Oh. Miss Crow, how beautiful you are! What a lovely beak, what lovely feathers you have! What pretty eyes! If only you could sing, you would be the most beautiful bird in the world!"

Very pleased to hear all of this about herself, Miss Crow gave a loud croak to show that she could sing.

Of course, the moment she opened her beak, the cheese fell down, and Mr. Fox ran away with it, laughing loudly.

Goldilocks And The Three Bears

Pic. 8.6 (Dit. PSMP, 2006)

Once there were three bears that lived in a house in the woods: a papa bear, a mama bear, and a baby bear. One morning they decided to take a walk before breakfast to let their porridge cool.

A little girl named Goldilocks lived with her mother nearby. Goldilocks took a walk through the woods and found the bear's house. She smelled the porridge in the kitchen and went inside. Goldilocks tasted the porridge in each bowl and finally ate up the porridge in the small bowl.

Then she sat on a big chair, but she didn't like it, because it was hard. Afterwards she sat on the small chair, and it was just right. But while she was sitting on it she broke it. After eating the porridge, Goldilocks felt full and sleepy, and then she went upstairs. There she found a small bed. She lay down on it and fell asleep.

While she was sleeping, the three bears came home. When they went into the kitchen, they got very surprised. Someone had tasted their porridge, even eaten up baby bear's porridge, while they were taking a walk. Moreover the poor baby bear was upset when he found that his little chair broke into pieces. When they went upstairs, they found out that Goldilocks was sleeping. Baby bear cried out, "Someone has been sleeping in my bed and here she is!"

Goldilocks woke up when she saw the three bears; she jumped out of bed and ran out of the house to her home. Never again did she make herself at home in anyone else's house.

The Chipmunk That Ran Away

Once upon a time, there was a nervous little chipmunk. She was always afraid that something bad happened to her.

One day, she heard a little noise. It was really only an apple that fell to the ground. But the little Chipmunk was afraid and said "The sky is falling in." Then she ran away as fast as she could go.

Soon she met an old brother Chipmunk, who asked, "Where are you running to, little Chipmunk?"

And the little Chipmunk answered, "The sky is falling in, and I am running away."

"The sky is falling in?" said the old brother Chipmunk. And he told the story to his brother chipmunk, until at last there were a hundred brother Chipmunks shouting, "The sky is falling in."

Soon the larger animals heard what the Chipmunks were saying. The Deer,

the Sheep, the Pig, the Camel, the Tiger, and the Elephant began to say, "The sky is falling in."

Then the wise Lion heard all the noise and wanted to know what was happening. He stopped all the animals and asked, "What are you saying?" The brother Chipmunks said, "Oh we heard it from that little Chipmunk!" And the Lion said, "Little Chipmunk, what made you say that the sky was falling in?" And the little Chipmunk said, "I saw it there near the tree." "Well," said the Lion, "Come with me and I will show you how something". "Now get on my back." The Lion took her on his back, and asked the animals to stay where they were until they returned. Then he showed the little Chipmunk that the apple had fallen to the ground. This made the noise that had made her afraid. The little Chipmunk said, "Oh, I see. The sky is not falling in." The Lion said, "Let's go back and tell the other animals." So they went back. At last all the animals knew that the sky was not falling in.

Text 1 and Text 2 are narratives. Both texts have the same pattern. Both start with the orientation, which shows the scene and introduces the participants. Then, the complication tells the readers the crisis that arises. Finally, the resolution tells the readers that the crisis is resolved for better or worse.

Activity 2

Study the pattern of the story below.

Snow White	Pattern of story
Once upon a time there lived a little girl named Snow White. She lived with her Aunt and Uncle because her parents were dead.	Orientation sets the scene and introduces the characters and what happened to them.

<p>One day she heard her Uncle and Aunt talking about leaving Snow White in the castle because they both wanted to go to America and they didn't have enough money to take Snow White.</p> <p>Snow White did not want her Uncle and Aunt to do this so she decided it would be best if she ran away. The next morning she ran away from home when her Aunt and Uncle were having breakfast. She ran away into the woods.</p> <p>Then she saw this little cottage. She knocked but no one answered so she went inside and fell asleep.</p> <p>Meanwhile, the seven dwarfs were coming home from work. They went inside. There they found Snow White sleeping. Then Snow White woke up. She saw the dwarfs. The dwarfs said, "what is your name?" Snow White said, "My name is Snow White."</p>	<p>Complication tells the crisis that arises. In telling the crisis, it starts by telling when the problem begins to occur. Then, it increases. And finally, it reaches the climax.</p>
<p>Doc, one of the dwarfs, said, "If you wish, you may live here with us." Snow White said, "Oh could I? Thank you." Then Snow White told the dwarfs the whole story, and Snow White and the 7 dwarfs lived happily ever after.</p>	<p>Resolution tells the crisis that is resolved for better or worse</p>

Now, analyse the two stories above, "Goldilocks and the Three Bears" and "The Chipmunk that Ran Away", based on the pattern of the story you just studied. Put the parts of the stories in their right positions, orientation, complication, or resolution.

Practice

2. *One day, just before the evening came*, the Lion felt very hungry.

3. *There was once* a very greedy dog that just ate and ate.

Summary

A. Narrative Text

When we tell a story, we use a narrative text. A narrative text consists of the orientation, complication, and resolution.

- In the orientation, you tell the listeners or readers the characters, the place, the time (if possible) and other things to make your readers understand the story.
- In the complication, you tell the listeners or readers the problem that happened in the story. Usually you should tell the steps starting from how the problem arises up to the climax.
- Finally, in the resolution, you tell the listeners or readers the anti-climax or the answer to the problem.

B. Adverbial Clause

We use the adverb clauses to show the events in the past, which occurred before, after or at the same time as other events. The adverb clauses are called the adverb clauses of time.

Evaluation

A. Complete these sentences using the adverbial clause by completing the words in the brackets.

1. When Sri Tanjung (have been killed), the blood (smell) very fragrant.

2. Diponegoro (be then put) in jail after he (be trapped and caught) by Dutch.

3. Snow White (run) away from home after she (hear) her Uncle and Aunt talking about leaving her in the castle.

4. When she (see) the three bears, Goldilocks (wake up) and (run away).

5. When Kancil (finish) counting the crocs, he (run away) without saying.

- B. Analyze the following story based on the pattern of the story (orientation, complication, and resolution).**

The Lost Caterpillar

Seven worms are walking happily. Their mother is leading them. They have just had their breakfast on a big tree near a river.

"Come on, children. Let's go home," Mama Worm says.

Suddenly, a cricket says, "Your last child is ugly!" "Ugly?" asks Mama Worm. Then she looks at the child. He is not the same as her other children. "Hey, ugly!" she says, "You are not my child. Go away!"

The little brown worm walks away. He is very sad. When he is near a lake, he looks into the water.

"Oh, how ugly I am," he cries.

"You are not ugly," says a voice. "Oh, I find you, my child."

The worm looks around. There is a beautiful big butterfly and her children. They all look the same as he.

"They may call you ugly," says Butterfly.

"But you are the most beautiful child in the world. One day, you will turn into a beautiful butterfly."

Fun Page

Read the following poems. Pay attention to the pronunciation.

William Shakespeare. 1564-1616

Sweet-and-Twenty

O MISTRESS mine, where are you roaming?
O, stay and hear! your true love 's coming,
That can sing both high and low:
Trip no further, pretty sweetening;
Journeys end in lovers meeting,
Every wise man's son doth know.
 What is love? 'tis not hereafter;
 Present mirth hath present laughter;
 What 's to come is still unsure:
 In delay there lies no plenty;
 Then come kiss me, sweet-and-twenty!
 Youth 's a stuff will not endure.

Alice Meynell. 1850

The Lady of the Lambs

SHE walks—the lady of my delight—
A shepherdess of sheep.
Her flocks are thoughts. She keeps them white;
She guards them from the steep.
She feeds them on the fragrant height,
And folds them in for sleep.
 She roams maternal hills and bright,
 Dark valleys safe and deep.
 Her dreams are innocent at night;
 The chastest stars may peep.
 She walks—the lady of my delight—
 A shepherdess of sheep.
She holds her little thoughts in sight,
Though gay they run and leap.
She is so circumspect and right;

She has her soul to keep.
She walks—the lady of my delight—
A shepherdess of sheep.

You need to know the following information.

Grimms' Goblins

Pic. 8.11 (Microsoft Encarta, 2008)

German fairy tales collected by the Grimm brothers in the 1800s are filled with far more mean-spirited, mischief-making goblins and witches than wish-granting fairies. This cover is from an early collection of Grimm fairy tales published in English translation.
